CollectNow™

For Service  
Centres

1 Scan

2 Service

3 Get Notified

**Simplify collection procedures,  
Save staff time on phone enquiries,  
Improve customer experiences.**

CollectNow™ for Service Centres is a messaging app which is great for service centres. Essentially, the app will act as a register on arrival at the service desk and notify them promptly on completion of services.

A mobile technology system which is simple and friendly.

*"A smart and digital service system which will only take 30 minutes to get up and running."*

## Perfect for your business

**Car Maintenance****Retail Orders****Food Takeaway****Dry Cleaning**

CollectNow™ for Service Centres will send out notifications and automatically keep your customers informed with updates and reminders.

This leaves you to execute your skills and services with optimal care and efficiency, and customers will appreciate and remember their experience of your quality service and communication.

Get in touch and our team can show you how  
CollectNow™ can work for you.
